IDEAS FOR BREAKTHROUGH THE POWER OF CREATIVITY

John 1:1-5: "In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were made through Him, and without Him nothing was made that was made. In Him was life, and the life was the light of men. And the light shines in the darkness, and the darkness did not comprehend it".

Everything has a beginning. Even in the beginning of beginnings was the Word and the Word was God. God has the secrets of everything. Deut 8:18

You have been created in the image of God. You have the ability to create, think, manage and run a project. **The nature of God is inside of you to produce life!** Your productivity is what determines the level of influence you have upon the surface of the earth. The bible affirmed this in the book of Gen 1:28

If you want to be influential and if you want to be a great producer; then **You need an idea!** To rule a country: you need the idea of becoming the prime minister or president. To be self employed or have a business empire, you need the idea of developing the perfect business plan. To move from lack to abundance and from failure to success you need to have the perfect idea. **You need the power of creativity to move you from where you are to where you want to go.** You must arouse and stimulate your thoughts (Prov 29:18).

3 Thinking Processes for Creativity

For you to create, you need to start the whole process in your mind:

1) **Sow the seeds in your mind.** Phil 4:8. Your mind is your goldmine. Right now it may be like a black carbon but inside it, it is a diamond.

2) **You can do it.** Remember that the man who says I can do it is right! The man who says I cannot do it is also right! The difference is in your choice! Choose life today!
Phil 4:13 – You've been given the assurance by the most high; why not take advantage of it?

3) **Be happy and enjoy what you do (positive)!** – A happy and joyful environment is important for destiny pregnancies. A seed will grow well in the presence of essential nutrients. No nutrients results in no growth. Phil 4:4.

Examples of Creative Successive peoples

Henry Ford: was the founder of the Ford Motor Company and father of modern assembly lines used in mass production. His introduction of the Model T automobile

revolutionized transportation and American industry. He was a prolific inventor and was awarded 161 U.S. patents.

The **Wright brothers, Orville and Wilbur** were two Americans who are generally credited with building the world's first successful airplane and making the first controlled, powered and sustained heavier-than-air human flight. The Wright brothers focused on unlocking the secrets of control to conquer "the flying problem."

Bill Gates is one of the best-known entrepreneurs of the personal computer revolution.

Enoch Adeboye's desires to reach the ends of the earth are captured in this statement, "I would love to have a breakthrough to such a height that I can lend to nations and preach on every television and radio station for at least one hour per day." He has transformed a forest to a city!

What will your name be associated with? Solomon made a powerful statement in Proverbs 23:7. He stated that, "For as he thinks in his heart, so is he". Step into 2008 with great dreams and ideas in your heart and pursue those ideas and dreams vigorously and relentlessly.
