

A LIFE OF PRAISE

Continued from Page 5

There have been several cases of children influencing their parents to attend services because of the Teenage church in particular.

The children's churches are run by men and women dedicated to serving God by serving children. The teenage church creates an exciting atmosphere for the young people where they can worship God in their own way among their own kind, whilst the children's church is where the very young are taught how to be Godly children. A crèche is also maintained for the way too young. The volunteers running these services, are very dedicated, with their passion for taking care of children being apparent in the amount of work and sacrifice they put into the service.

HOP is run largely by a large volunteer workforce, men and women who have dedicated their lives to working for God. These men and women of different backgrounds, humbly submit themselves to serve God, working long hours serving God and their fellow believers.

The workforce at HOP Parishes is led by Pastors Andrew and Yemi Adeleke, the Senior Pastor of HOP Peckham and Charlton respectively. They are both loved by their members, and are experienced ministers respected widely across the United Kingdom and Overseas. They are 'sold to God'; dedicated to the work they do, leading by example, serving God and not allowing the many challenges they face get in their way.

When asked about his experience at being the Pastor of House of Praise Peckham, Pastor Andrew was emphatic in

stating that it has been a good experience over the years, and he continued "The People at HOP are passionate people, highly focused with a great sense of belonging and always ready to move to the next level". He said, looking back in time, "We have taken several challenging journeys together over the years at HOP, these people joining their faith with mine, and together we have slain our own Goliaths, together we have climbed in and out of the valley of the shadow of death and we have overcome great mountains". Pastor Andrew is passionate about his people and believes he has not seen such loyalty anywhere else.

Pastor Yemi, on her part stated that it has been an exciting and rewarding experience being the Pastor of HOP Charlton, with the reward coming particularly from God. She said " I have found the job rewarding, God has made it possible for me to be available and I believe I have been working under the anointing of EASE," she concluded by saying " When God calls; He equips and gives the anointing, and I believe He has anointed me to do this work, making it very rewarding for me."

House of Praise is not just house of praise in name, but in action. It is a place of complete worship and praise. Praise is a major part of any service at House of praise, and the people love to worship, a typical thanksgiving Sunday service is almost like a carnival with the people losing their dignity for a minute in the presence of God, dancing and praising with all their hearts, forgetting all their troubles, laying all down at his feet - living a life of praise.
