

mistakes. He wants to be sure that we understand how to handle such times in our lives.

What happened when the prodigal son came home? The father ran to meet him and wept like a baby at the return of his Son. God, our Father, is waiting to run to meet us if we are willing to turn away from our emotions and confess our sins and errors. He wants to hug kiss and snuggle us and shower us with love and care . 1John 1:9 *“If we confess our sins, He is faithful and just to forgive us, and to cleanse us from all unrighteousness.”*

“...you will find that bad choices are followed with more bad choices, and pain with more pain.”

Once you have reconciled with God, ask Him whom He wants you to reconcile with on this earth. What? You do not feel like it? Wait a minute dear Sister or brother, It was these same feelings that got you into trouble and those same feelings are filling your spirit right now. I realize that feelings are not turned off

and on by merely flicking a switch. BUT they are the product of a DIET. Yes, feelings/emotions are the result of a diet that we feed our spirit. We need to change our diet and feed ourselves with positive things starting with the WORD of God.

“Let go and let God” goes the popular saying, love yourself, be good and kind to all and I can assure you will feel good from inside. It is sometimes hard, but keep trying, don't give up because I see a light in the tunnel.
