BUILDING YOUR VISION FOR THE NEXT LEVEL

A vision is the perception of what your tomorrow looks like. The picture of your future! Your past only exists in your memory and cannot be revisited, but your fortune is your future. The best can only be before you.

God's vision is consistent and constant, though it may not be instant. God promised Abraham in Genesis 15:1-7 to make him a father of nations even though he was barren at the time. But God's promises came to pass.

COMPONENTS OF A WHOLESOME VISION

Any vision from God reveals God's purpose for your life. It's not about you, it's about Him. Jer 1:4-5, Eph 1:3. The time frame for your assignment is just a part of the entire agenda. God does not allow a Vacuum to linger. Burn when you have the fire! There is a divine location for your assignment. Find it. In carrying out your vision, be unique. Principles may be the same, but methods are different.

Identify your company carefully. The kind of people who will help you will be revealed to you. You won't hear God until some people leave your life. In Genesis 13, God did not prosper Abraham fully until he separated from Lot.

WHAT VISION DOES

Vision gives direction to your destiny.

Vision inspires hope

Vision inspires motivation

Vision activates creativity

Vision invigorates

Vision connects you with destiny helpers

Vision attracts grace

Vision brings you into focus

Vision reveals your passion.

Vision illuminates your world

Someone once described success as carrying out and executing God's vision for your life. If there is a delay in realising your vision, it is because God wants you to have the latest. Alternatives do not satisfy, never give up your vision.

You may be an immigrant and worried that your vision is not being realised; don't be dismayed, a lot of people in the bible migrated elsewhere to make it, Abraham, Jacob, Joseph etc. Life sometimes may not give you what you deserve; life gives you what you place a demand on. It is not entirely about your location, your vision determines how far you can go, therefore to get to the next level YOU NEED TO.

ENLARGE YOUR VISION, MOVING TO THE NEXT LEVEL

Life essentially is a risk, a race started since you risked death as one of a army of invisible tiny spermatozoa to fertilize an egg from your mother. But you won that race, why then are you afraid to take more risks? Changing of your level can only happen when God sees faith in you.

This world is being ruled by people with ideas and risk takers. God has moved to a new address, why are you still at the old address? You must learn to know when a season is over and a new one needs to start.

THINGS THAT CAN STOP YOU GETTING TO THE NEXT LEVEL

The people or things that have refused to change in your life. IT IS TIME TO CHANGE THEM! Things or people that have finished fulfilling their purpose in your life. LET THEM GO! Things or people that may likely put you into trouble. FLEE FROM THEM. The good that is standing in the way of your best. DON'T REMAIN AT THE SAME LEVEL. There is always a higher level. That which is not part of God's programme for your life. DO AWAY WITH IT!

"It is not entirely about your location, your vision determines how far you can go..."
