She currently Works with the Royal Berkshire Hospital in Reading and is completing the professional registration as a Biomedical Scientist. She is married to Mr Soji Adeyi.

How long have you been a Member of HOP?

I have been a member of House Of praise for the past nine and a half years.

Why did you decide to Stay?

When I came to HOP, I was welcome with so much love and compassion. Pastor Yemi Adeleke's teachings and lifestyle impacted me so much and made me decide to stay. HOP is a vibrant church, where you will always find someone you can relate to.

Which of The Programmes or Conferences at HOP impacted you most?

The programme that has affected my life most is the Total Woman conference. Since the first one I

attended when I was only 21 years old, I have not looked back. You get basic principles on living that you will not get anywhere else and hearing women who have achieved teaching is always inspiring.

How has the experience of working around pastors been?

It has been a blessing to me, though the Pastors appreciate us, but we are always blessed by being around them. I will like to encourage other people who are not workers in church to join the work force, as it's a great experience; it gives you a chance to work with Christians other than the kind of people you have been working with all week, in addition you get a fulfilment from working for God you will not get anywhere else.

"Glory to God!"

MEMBER'S PROFILE.

Name Bro. Olutope Oluwaleye Church House of Praise, Charlton

Personal Profile

Born to Mr and Mrs Oluwaleye in Odense, Denmark. Graduate of Architectural Technology from Ondo State Polytechnic, Nigeria. Holds a BSc Hons. In Occupational Health and Safety Management from Middlesex University, London, an MSc. Risk Management at University of east London. (In view)

A Project Construction Design Management Coordinator/ Health and Safety Consultant. A member of the Institute of Safety and Health/ Member International institute of Risk and Safety Management. Married to Olayinka and blessed with four children (Two sets of twins).

How did you become a Member of HOP?

I came to reside in England in Sept 2001 and was looking for which church to fellowship. I was passing through Peckham one day and I saw the sign post of RCCG, and instantly my mind convinced me that is the church to fellowship though, we eventually started fellowshiping at HOP, Charlton.

Why did you decide to Stay?

I decided to stay because I was convinced in my spirit that the spirit of God is present. I quite remember the first time I attended a Sunday service at Peckham, my wife and I had some arguments and I was unhappy. I came to church and the sermon and prayer of that day was a solution to my problem. I got back home, resolved the issues and we lived happily and peacefully thereafter.

How has HOP affected your life?

Worshipping God in HOP has really affected my life. I am always inspired by the encouraging sermons, advice and prayers of Pastor Andrew Adeleke. I remember when we were trusting God for the fruit of the womb. Coming to church one Sunday, a special service was held for people looking for a child. We were told to have faith and come forward to take from a grape seed on the altar of the Lord. I probably took double of the seed that day with faith because God miraculously blessed us with twins twice. God has been merciful and faithful to me and my family.

"Hallelujah!"
