

TESTIMONIES

THIS IS THE LORD'S DOING.
IT IS MARVELLOUS IN OUR SIGHT!

GOD GAVE ME MY DREAM JOB

I gave a testimony last month on how I had a covenant with God. Believing God for divine intervention I gave my last bursary as a student nurse toward the church's building fund. After my last clinical placement, I travelled to Nigeria. On my arrival back to the U.K I was worried about getting a job, my last testimony was how I miraculously got a job with a private hospital with a fantastic offer of over £25,000 per annum and starting on band 6 instead of band 5. My old course-mates were starting on £ 21,000 – 23,000.

Although I wanted a job with the NHS I did settle with the private hospital because it was my only available option. I went for an NHS job interview in December and Jehovah blessed me with the job through His divine assistance. Just when I thought the covenant God was done with me, the NHS pay is over £27,000 and its closer to home. I believe that God, who has given me the job, will protect me as it is a medium secured forensic Hospital. Praise is to our God (AMEN)

BUKOLA ONUOHA

SALVATION OF THE LORD

I want to thank God for what He did for me last year. God saved me from death 3 times. Also I had been looking for a specific job since January last year. To the glory of God, after several ups and downs, I got the job last December.

THE LORD PRESERVED MY LIFE

On the 21st December 2007, the Lord preserved my life in a malicious attack; A brick was thrown at my car as I was driving on a dual carriage way. Though there was great

damage to the car and it could have ended my life, I thank God that I am still standing. God kept my whole Family in 2007 and we are all grateful.

HE MOVED ME TO THE NEXT LEVEL

I want to thank God for my life, when I came into this country over 4 years ago, things were very tight, couldn't afford to eat let alone pay my rent and my tuition fees. I just want to thank God from where He has taken me from, where I am and where He's taking me to. I graduated with a 2:1 last year, I have a car of my own, I have more than enough that I keep travelling from one country to another. I BLESS HIS HOLY NAME.

ECTOPIC PREGNANCY

I want to thank the Lord for His divine intervention in my life on the 2nd of January 2008 I was diagnosed to have an ectopic pregnancy I thank the Lord for He intervened even without any surgery though I lost the baby but still thank the Lord for being good and faithful to me and my family.

MRS OLUTOYE

ACADEMIC FAVOUR

I give God praise for my life is a living testimony to God's faithfulness and favour. I really want to thank God for seeing me through University. How I got into university was a true miracle. God kept me and allowed me to qualify for home fees. I wrote several exams and I didn't know any of the answers on a particular paper, but I still came out with a distinction! This week is my graduation ceremony. Glory be to God!
