THIS IS THE LORD'S DOING. IT IS MARVELLOUS IN OUR SIGHT!

*"They overcame him by the blood of the Lamb and by the word of their testimony; they did not love their lives so much as to shrink from death." REV 12:11. RCCG*

**RCCG (House of Praise) is a place where divine intervention is a common occurrence. These are some of the amazing testimonies recorded in this house.**

## **OUR GOD IS A DELIVERER. PS 18:1-2**

After 10 years of being here, God granted me a safe journey to Nigeria and back.

About a month before arriving in Nigeria, God had delivered my dad from a near fatal car accident, then on my first day there, as we were driving into our estate, the car started swerving and my dad almost lost control of the car. Apparently, someone had spilled diesel on the road and the tyres could not grip the road. We pleaded the blood of Jesus until we got to the other side of the road.

The following week, a car hit my mum's car from behind and she had whiplash. Thank God for His healing powers and protection. Following 6 weeks off recovering, she has now been able to return to work. Also, 3 weeks ago, as I was preparing to go out, I suddenly slipped and hit my head on the floor. I thank God I did not sustain any serious head, neck or back injury. Glory be to His name.

Despite these trials and tribulations, God has restored my peace and renewed my strength. So for not sorrowing over any of my loved ones, for having a roof over my head, for a good job and for the privilege of calling God my father and friend, I SAY THANK YOU LORD!!!.

## **JESUS IS THE RESTORER OF MY SOUL**

During choir practice last Friday, I was having difficulty with my breathing. I was also having chest pains. On my way home, walking towards the car, I felt dizzy and collapsed and was unconscious. I was taken back upstairs into the church, where the beloved prayed for me. Following various check ups in an ambulance, which were all fine, I was able to go home. I would like to thank God for not allowing evil to befall my family and the church. He took total control through the ordeal. He is indeed my present help in time of need.

## **UNQUESTIONABLE IS OUR GOD**

I thank God for a short, quick and easy delivery. I went to the hospital for a check up, and when I got there, I was told I was going to be monitored. While the baby was being monitored, they noticed his heart beat was irregular with contractions, over a period of time the situation was still the same and the gynaecologist came and told me that I needed to have an emergency C-Section in 5 minutes. On the theatre table, the anaesthetist could not find a good place in my spine to inject the Epidural. Just minutes later, I had the urge to push and the baby came out to their amazement. Glory be to God. I gave birth to a healthy son. Praise God.

## **DAY OF THE LORD'S GLORY**

We want to give all glory to God who set the date for our wedding and showed up mightily in ways beyond our imagination. He provided all the financial and human resources that we required and surprised us where we least expected. Only God could have done this and we will be forever grateful.
